

UC IRVINE RIDGE 2 REEF AND
MICROBIOME INITIATIVE PRESENT:
SUMMER INSTITUTE 2019
MICROBIOMES AND GLOBAL CHANGE

UCI announces a 5-day Summer Institute for graduate students and post-doctoral fellows. The Institute aims to build a diverse cohort of trainees at the interface of microbial communities and global change across systems from terrestrial to marine. Participants will gain scientific and professional skills and join a community of emerging leaders in the field.

Confirmed Instructors:

Naomi Levine, USC

Bruce Hungate, NAU

Alyson Santoro, UCSB

Aimée Classen, UVM

When: August 19-23, 2019

Who: Open to all post-docs and graduate students

Where: University of California Irvine

Costs: The Institute will cover registration, travel, room and board expenses

Application Requirements:

Statement of Interest

CV

Letter of Support
